(54) Title of the Invention: **Electronic communicating**  
Abstract Title: **Electronic communicating**

(57) Among other things, we describe enabling two or more users to share a workspace that is dynamically populated by artifacts of electronic communications among the users that are expressed in a form of at least one of social network posts and email messages, and in which the users can interact using the artifacts in any of the forms.

FIG. 3

GB 2516595 A
